

**Let's Make Stuff-with d'Arci Bruno  
Class #19**

**Paint the Town Red! (And blue and green and yellow too!)**

London, Paris, New York, San Francisco (and even fantasy cities of the imagination!) have enchanted artists throughout the ages with their sparkling lights and exotic peoples, and we can all agree that urban landscapes have a unique draw that is all their own. In this class we will journey through various artistic styles and mediums as we poke around the city streets, shops, buildings and landmarks that entice us to try and capture their unique, exciting, and often gritty beauty.
