

Let's Make Stuff-with d'Archi Bruno

Class #22

Flower Power

April Showers Bring May Flowers! Flowers are universal symbols of beauty, but they also symbolize comfort, love and affection. Most artists choose flowers as a subject simply because they are readily accessible and a pleasing challenge to paint. In this class we will look at *arte floral* through the ages to get some tips, tricks and ideas for our own representation of nature's most celebrated beauties.

Go gather up some art supplies and let's GROW some new skills and get our SPRING on!
