This program serving the community is funded by the City of San Francisco's Department of Disability and Aging Services. We also rely on private grants and donations to fund 25% of our Tech Programs.

As part of the SF Connected Program, Community Tech Network, Self-Help for the Elderly, Conard House, and other nonprofit organizations also have computer training and specialty classes. For more information on free classes, call (415) 355-3555.
